Introduction

Assistance to Persons with Disabilities (ADIP) scheme is in operation since 1981 with the main objective to assist the needy persons with disabilities in procuring durable, sophisticated, and scientifically manufactured, modern, standard aids and appliances that can promote their physical, social, and psychological rehabilitation by reducing the effects of disabilities and enhance their economic potential. Assistive devices are given to Divyangjans with an aim to improve their independent functioning and to arrest the extent of disability and occurrence of secondary disability. The aids and appliances supplied under the Scheme must have due certification. The scheme also envisages conduct of corrective surgeries, wherever required, before providing an assistive device. Under the Scheme, grants-in-aid are released to various implementing agencies (Artificial Limbs Manufacturing Corporation of India (ALIMCO)/National Institutes/Composite Regional Centre's/District Disability Rehabilitation Centre's/ State Handicapped Development Corporations/ NGOs, etc.) for purchase and distribution of aids and assistive devices.

Rashtriya Vayoshri Yojana (RVY) is a scheme for providing Physical Aids and Assisted-living Devices for Senior citizens belonging to BPL category. This is a Central Sector Scheme, fully funded by the Central Government. The expenditure for implementation of the scheme will be met from the "Senior Citizens' Welfare Fund".

Under the scheme, the physical aids will be provided only to the senior citizens of the nation. This implies those who are aged above 60 years will get free assisted living aids and physical devices which are required for their sustainability. The main criteria for the senior citizens to get full benefits of Rashtriya Vayoshri Yojana (RVY) scheme is that they must belong to BPL family and should hold valid BPL card issued by the concerned authority.
